Remarks from the tea maker and the Deerland Tea team: As wild-grown tea plants yield irregularly and in small quantities only once a year, this tea was crafted in Spring 2022 using leaves harvested from 2020, 2021, and 2022. This process results in an exceptional and exquisitely delicate fragrance and taste, reminiscent of the classic and highly esteemed Oriental Beauty. We highly recommend this tea to connoisseurs seeking specialty tea that features the distinct flavor imparted by tea jassid bites.
